Online Health Review

We are excited to announce that Brockport Central School District is now offering the convenience of online registration for all interscholastic athletic activities. This online registration will take the place of the health review that was done in person at the school health office.

Registration will be through [FamilyID](#), a secure registration platform that provides you with an easy, user-friendly way to register for our teams, and helps us to be more efficient and environmentally responsible. When you register through Family ID, you will create an account and enter information only once for each family member. Your information will be saved so each time you register for an activity, you will just have to select the name of the family member and the program (sport) they are registering for.

INFORMATION NEEDED TO REGISTER:

It will be helpful to have the following information handy to allow for accurate completion of your online registration.

- Current physical exam dated within one year of the month when the sport season begins
- Past medical history
- Current medications
- Allergy information
- Emergency contact information

REQUIRED ONLINE SIGNATURES:

In order to complete the registration, we require electronic signatures from the following individuals:

Signatory 1: Parent/Guardian - Signatory must be older than 18

Signatory 2: Student (for Code of Conduct form)

Please ensure that all signatories are present to sign and submit this registration.

REGISTRATION PROCESS:

First time users of FamilyID will need to *Create an Account* (Step 3 in the following directions)

Return users can log into FamilyID using the email and password entered when the account was created. Select a participant and most of the fields will populate with the information entered during the previous registration. Please update any information and complete the required signatures before submitting the new registration. Contact FamilyID support for help with usernames/passwords.
